WEB DEVELOPER | GRAPHICS DESIGNER

Enthusiastic and self-motivated web developer and graphics designer with 3+ years of experience. Eager to join an Information technology firm and bring my skill in frontend development, and visual design to every project that will be received in the future. A previous project for airport transfer and taxi improved its customers and was able to reach many customers.

AREAS OF EXPERTISE

- **Programming / Coding**

As a tech person I have gained experience in different programming languages, libraries and frameworks such as (Java, PHP, Python, Django, Node.js, React.js, Bootstrap, CSS, C#, C++, C, Kotlin, JavaScript, MySQL, SQL, ASP.Net) among others.

- **Graphic designing**

Interacted with various platforms such as Adobe photoshop, adobe illustrator, Canva, Figma hence improving my design skills.

- **Problem solving**

learned techniques to solve problems and how to handle different problems and how to make decisions.

- **Strong organizational and time-management skills.**

This is a skill I have taken into consideration in every aspect as being a web developer and working on projects require time and project management skills.

- **Exceptional communication and interpersonal skills.**

Communication is a key aspect in my day-to-day operations, I am able to interact well with others and clients via digital platforms (Google meets, MS teams, Webex) and also physically.

- **Ability to work independently and as part of a team.**

Team work is key as collaboration makes work easier and

- **Detail-oriented and able to handle multiple tasks simultaneously.**

- **Web development**

I have done several projects for clients that have boosted their reach to customers and also sales.

PROFESSIONAL EXPERIENCE

ICT AUTHORITY

Feb 2023 - Dec 2023

System And Applications Developer Intern.

Recruited as a system development intern at the ICT authority under the Presidential Digital Talent program (PDTP) to spearhead the governments ICT Programs such as the Jitume, e-waste management and also promote digital literacy to citizens.

Key contributions:

- **Researched on e-waste collection, handling and management.** This led to the establishment of the e-waste management center at the industrial area.
- **Collaborated with other developers to design and produce the Product requirement document of the e-waste system.** Which led to the development of the e-waste management system that manages all the devices collected those that have been tested.
- **Digital literacy training to youths and Citizens.** The Jitume program gave knowledge to citizens and enabled them learn how to work online and use the public WIFI installed by the government.
- **Collaboration with other government ministries.** Collaborated with the ministry of education where I worked as a Data capture for the Kenya National Examinations which boosted accuracy and completed the work in short period required.
- **Attended trainings provided for Interns.** Got different certifications and trainings from Coursera, Huawei, WEE center.

PETANNS TECHNICAL TRAINING COLLEGE

Jan 2022 - Jan 2023

ICT Officer/ Trainer

Recruited to train students on computer applications, programming, secretarial studies and also perform staff support and maintenance. Also developed a small internal registration system to keep track of all the students and their information.

Key contributions

- **Teaching practical skills.** Taught many students and got many referrals as a good trainer.
- **Updating software and configurations.** The software where up to date and the machines where fast hence learning was smooth and interesting.
- **Graphics designing.** Impacted graphics skills to many students and also developed online cyber to offer services to clients.
- **Improved number of students in the college.** As a good trainer student referred other students and the this increased the number.

KENYA RED CROSS (MACHAKOS BRANCH)

MAY 2021- DEC 2021

ICT Intern

Roles and responsibilities:

- **Network administration and troubleshooting.** Made sure the network was running smoothly and assisted in doing configurations and solved connectivity issues.
- **Facilitating Digital Opportunity trust (DOT) computer classes.** Taught computer applications and life skills to many students.
- **Software and hardware support.** Made sure all the computers were functioning well and updated the software.
- **Staff support.** Aided the staff in matters that required my expertise
- **Graphics design** assisted in designing event/Blood donation posters and banners.
